## HAZELWOOD COMMUNICATIONS

Hazelwood School District students, parents, faculty, staff, and residents can all participate in telling stories about our district. Helping us share wonderful stories is as simple as capturing the incredible things going on in our school community and sharing them with the district's Communications Department.

### BE A STORYTELLER

How can someone be an HSD storyteller?

- Submit information to the HSD Communications Department by email.
- Share interesting pictures and videos in your email to the HSD Communications Department. Our community loves to see pictures and videos!
- Include important information to tell the story. Who, what, when, where, and why are great ways to start a story.
