Virtual Learning Parent Feedback Forum

When: Tuesday, October 13th 6:00pm - 7:30pm

Principal News

by Dr. Tiffany Patton

Greetings Grannemann Families,

Welcome to the 6th week of school! I am astonished by how quickly the time is passing by and missing our students hugs more and more. This week is our first grade reporting period as students will be receiving progress reports on Friday. As a reminder, progress

halfway through the first quarter of the school year. I also want to announce that we will begin Grannemann Community Yoga next Monday, October 5th with the Oxygen Project! The information with the link to join in will be sent via email later this week. Finally, we are gearing up to host a Virtual Learning Feedback Forum to help us better serve and assist you during this time. In an effort to make the most use of this feedback process and the time we will be together for open discussion, we are asking

SOCIAL EMOTIONAL

by SES Team

Social and emotional learning (SEL) helps students develop the self-awareness and interpersonal skills needed to thrive not only in school, but in the workplace as well. SEL focuses on five core competencies that include self-awareness, self-management, social awareness, relationship skills, and responsible decision making. Grannemann has adopted social-emotional learning concepts and will be applying them throughout the school so that students continue building their interpersonal

skills and emotional awareness as they grow.

The SEL team along with Classroom teachers will implement several concepts like Zone of Regulation, Calm Classroom, Second Step and other Social Skills Lessons to help our

Grannemann Eagles grow to be healthy and happy individuals. Our primary tool for helping students develop socially and emotional is Zones of Regulation. Please checkout the link below for parent resources to help students use the Zones:

PARENT RESOURCES

by Ms. Jillian O'Brien, MA LPC

Tips to Improve Virtual Learning for your Child

- Set a designated learning space. The space doesn't need to be elaborate, just comfortable with a place to sit in a chair and a workspace to write.

Newsletter

Grannemann

News

- Create a Routine to transition into and out of school mode each day. Have a saying you repeat each morning, listen to a certain song each night after school, do something small and simple to help signify the start of school and the end of school each day.
- Integrate movement and non-screen time into their breaks.
- Provide positive feedback.
- Stay in contact with the child's teacher.

If something isn't working for your child in this new learning environment, reach out to the teacher, the SES team, or the administration of Grannemann. We are always here to help and problem solve with you.

HEALTH

by Nurse Souders

Stay Healthy and Stay Calm

Tips for managing your child's anxiety about COVID-19

- Create a routine
- Listen to your child and their concerns
- Look for signs of anxiety
- Teach coping skills
- Focus on controllable tasks like handwashing.
- Encourage positive thinking.
- Seek help if needed

We all will get through this, TOGETHER.

EAGLES OF THE WEEK

VIRTUAL LEARNING

Reduce Distractions

Newsletter

Grannemann

News

Video games, computer games, social media, TV, toys, pets—our homes have lots of distractions. Make a list of the things that distract your child. Then, find ways to limit them during learning time.

For example, is the dog a big distraction? If so, can you put the dog in a separate room when your child is doing schoolwork?

CHARACTER FOCUS

FOR WEEK OF 9/28/20

Responsibility

Eagles show responsibility by:

- Keeping track of their classwork and homework
- Turning in all of their assignments
- Asking for help if they don't understand something
- Staying organized!
