

Chromebook Repairs

The Hazelwood School District facilities will remain closed through May 29, 2020. During this time, technology will have limited staff at the Opportunity Center (1865 Dunn Road, St. Louis, MO 63138) to service families. Families will be able to swap Chromebooks at the Opportunity Center. We are only swapping out broken or inoperable devices.

Minor issues can be reported to the Help Desk by calling 314-953-5099 or emailing helpdesk@hazelwoodschoools.org.

Here are the procedures that will need to be followed at the Opportunity Center:

- The Chromebook swap will be held on the back of the east parking lot near the fields
- Families will drive up to the designated station, present their student ID, Chromebook, and power adapter
- The technician will inventory the gear, document the barcode & service tag, and hand them a new Chromebook
- No one is to exit their vehicle during this time
- Please come at your assigned date and time according to the schedule listed below.

Hazelwood Opportunity Center: 1865 Dunn Road, St. Louis, MO 63138
