

U.S. Army Corps of Engineers Communication Timeline to District 2016 - 2022

February 26th, 2016	June 28th, 2018	June 15th, 2021	January 27th, 2022	February. 22nd, 2022	June 21st, 2022	August 5th, 2022	October 2022
HSD receives Right of Entry request from Department of Army Corps of Engineers	HSD receives Right of Entry request from Department of Army Corps of Engineers	HSD receives Right of Entry request from Department of Army Corps of Engineers	HSD receives notice of USACE sampling results of low-levels radioactive contamination found on banks of Coldwater Creek.	HSD receives letter dated February 14th, 2022 showing USACE conducted test on 3 additional sites with preliminary results showing that "no MED/AEC contamination" was present.	Representatives from the United States Army Corps of Engineers and the Missouri Coalition for the Environment present on Coldwater Creek as it relates to the overall Formerly Utilized Sites Remedial Action Program and district properties at BOE Meeting.	HSD agrees to further testing by the Boston Chemical Data Corp.	HSD receives Boston Chemical Report regarding potential radioactive materials found at Jana Elementary.

- **February 26th, 2016** - Letter notes: USACE does not anticipate finding contamination, in the current configuration that poses any immediate risk to human health or the environment.
- **January 27th, 2022** - Letter notes: "The contamination does not pose immediate risk to human health or the environment in its current configuration below ground surface."
- **August 5th, 2022** - In the letter from the Superintendent it is noted that the BOE has agreed to permit further testing on the Jana Elementary School property closer to the school building. It is also noted that students may attend school virtually through the Connect Virtual School Program while awaiting results.
