September 2021

Dear Parent/Guardian:

As part of the Growth and Development Health Unit, students view an age appropriate video from the school series. Last year, students did not view the videos. Therefore, in the coming weeks, students will view the videos they did not get a chance to view last year. The lessons will be presented to boys and girls separately and will require written parental permission.

We would like to give you an opportunity to view the videos shown to the students as part of the program and ask any questions you may have. This letter also serves as the permission form for you to provide your written permission should you choose to opt in your child to view the age specific video.

If you would like to preview the videos for your child, please contact your child’s building principal to schedule a viewing by September 17, 2021.

Students will view the videos during school hours, with parental permission below, between September 24th and October 1st.

_________________________ ______________________
Parent/Guardian Signature Date

**Permission is required to view the video.** Please sign and return the slip below to indicate your permission to view the video or to deny your consent to view the video.

My child ___________________________ has permission to view the growth and development videos appropriate to his/her grade level.
