The Hazelwood School District Foundation helps to support academic achievement by helping to remove barriers which may prevent student success. These barriers include, hunger, health, and hygiene related challenges.

The HSD Foundation is one of many resources used to help our students and their families who may experience a crisis. So far this year, the HSD Foundation has provided financial support for food, clothes, shoes, special eye glasses, utility support, transportation costs and funeral expenses.

We need your help to ensure that every student has a chance to succeed.
