

Understanding Autism Spectrum Disorders (Part 1) Nov . 5, 2020 from 6:00 PM - 7:30 PM

This is a 2-part workshop,

Presenter: John Bruno, Ph.D., SSD Autism Effective Practice Specialist

Identify and understand the characteristics of autism spectrum disorders and learn effective, practical strategies that will support your child in being more successful at home and in school. The second session will focus more on strategies, and discussion and questions.

Understanding Autism Spectrum Disorders (Part 2) Nov. 12, 2020 from 6:00 PM - 7:30 PM

This is a 2-part workshop.

Identify and understand the characteristics of autism spectrum disorders and learn effective, practical strategies that will support your child in being more successful at home and in school. The second session will focus more on strategies, with time for discussion and questions.

Behavior Support for the Home: Tips & Tricks for Managing Your Child's Behavior

Nov. 17, 2020 from 3:00 PM - 4:00 PM

Presenters: Sara Hinkle M.A., BCBA, and Hannah Nolte, M.S., BCBA, SSD Behavior Analysts from CBIT

A behavior management training for caregivers. Presenters will discuss strategies to manage problem behavior in the home. The focus of this training will be to provide preventative solutions, visual support suggestions, and reinforcement strategies to help children learn effective replacement behaviors in the home.

WORKSHOP: Toilet Training Nov. 20, 2020 from 1:00 PM - 2:00 PM

Presenters: Beth Golden M.A., BCBA, and Jackie Kline BCBA, LBA, LPC, SSD Applied Behavior Analysts

Toilet training a child with special needs can be daunting for parents and caregivers because of the unique challenges the child faces, and the minimal resources specific to those challenges. SSD behavior analysts will break down tasks into smaller components while also evaluating and modifying strategies related to motivation and reinforcement in order to effectively teach new skills. This session will provide resources to parents and caregivers so that they may help their child be successful at home on the toilet training journey.

WORKSHOP: Reinforcement Strategies for Families Nov. 30, 2020 from 12:30 PM - 1:30 PM

Presenters: Keely Stephens M.S., BCBA, , James Perkins M.Ed., BCBA, and Stacey Pollnow M.S.,

In this training, families will learn techniques that will help set their child up for success. Preventative interventions, specifically reinforcement systems in the home, will be taught in order to provide families with ways to set up learning situations that will benefit their child as well as families as a whole. Real life examples, including strategies to use while in the community and home, will be provided and discussed. The purpose of this training is to increase positive interactions with your child and set families up with a skill set that makes day-to-day life easier.
