

Hazelwood students get a personal interaction with veterans

ST. LOUIS (KMOV.com) -- A group of 40 students visited the Missouri Veterans' Home on Monday. For Veterans Day weekend, students from **Hazelwood West High School** wanted to personally meet veterans and hear their stories. The students shared breakfast with them and had candid conversations about the veterans' lives. Senior Geoffrey Hopping said it was the students idea to go to the Veterans Home. "It's really nice.. to be able to tell their stories ... and get the human interaction they don't really get as much anymore," Hopping said.
