## Central High School Project Based Learning Course Catalog

A Teacher	B Teacher	Room #	9th Hour (7:15am-8:46am)	10 Hour (8:46-10:11)	11th Hour (10:17 -12:45)	12th Hour (12:51 - 2:15)
<b>A Hall</b>						
P. Boyet	M. Avery	A206	<p><b>Sensory Wall for the Self Contained Classrooms</b> . Students are in groups of 2 working on a tile for the sensory wall. Each group has drawn out their tiles and knows exactly how they are going to set up their sensory "square". The tiles have been cut out of recycled cardboard boxes and the majority of the items being used have been upcycled and collected from students and teachers. The students are in need of supplies that were ordered to start assembling their tiles. Glue, paint, and yarn. The tiles will be adhered to the walls with heavy two way tape that holds up to 20 lbs.</p>			
C. Grant	T. Towns	A210	<p><b>Bathroom Beautification:</b> Students will learn how to design and produce vinyl decals using a Cricut machine, culminating in the installation of their creations around the high school. Participants will explore design software, vinyl cutting techniques, and installation methods while fostering creativity and practical skills.</p>			<p><b>Music Appreciation:</b> Tune into the rhythms of the world with the Music Appreciation Club! This club invites all music lovers to explore and celebrate diverse genres, artists, and cultures. Each meeting, we'll listen to and discuss various styles of music—from classical and jazz to rock and hip-hop—examining their historical context and impact. Members will have opportunities to share their favorite songs, participate in themed listening sessions, and even collaborate on creative projects. Whether you're a budding musician or simply passionate about music, join us to deepen your understanding and enjoyment of the art form!</p>
M. Govero	R. Juengel	A211	<p><b>Hallway Labels and Directions:</b> In this practical course, students will create detailed hallway signs to improve navigation throughout the large high school. Participants will assess key areas and frequently used routes, then design and produce clear, visually appealing signs that enhance the overall school experience for students and visitors.</p>			<p><b>Game Design Club:</b> Dive into the exciting world of game design with our Game Design Club! This club is perfect for aspiring game developers, artists, and storytellers who want to collaborate on creating innovative games. Each week, we'll explore various aspects of game design, from concept development and storyboarding to programming and artwork. Members will have the opportunity to work on group projects, share ideas, and receive feedback on their designs. Whether you're interested in video games, board games, or mobile apps, come unleash your creativity and learn valuable skills in a fun and engaging environment!</p>
K. Moyer	C. Mukendi	A221	<p><b>Multilingual Motivational quotes:</b> In this inspiring course, students will design and produce a series of multilingual motivational quotes to be displayed in the high school hallway, promoting positivity and inclusivity within the school community. Participants will collaborate to select impactful quotes and translate them into multiple languages, creating a vibrant visual display that encourages and uplifts all students.</p>	<p><b>Language Lab:</b> Dive into the world of languages in our immersive Language Lab course! This interactive course focuses on developing listening, speaking, reading, and writing skills in a dynamic environment. Using a variety of multimedia resources, language software, and collaborative activities, students will enhance their proficiency in their chosen language while exploring cultural contexts. Whether you're a beginner or looking to refine your skills, this course offers personalized learning experiences to boost your confidence and communication abilities.</p>	<p><b>International Music Enjoyment:</b> Join the International Music Enjoyment Club and embark on a global musical journey! This club celebrates the rich diversity of music from around the world, allowing students to explore various genres, artists, and cultural traditions. Each meeting, we'll listen to and discuss different musical styles, from Afrobeats and reggae to K-pop and classical, examining their history and cultural significance. Members are encouraged to share their favorite tracks and artists while participating in themed listening sessions and cultural events. Whether you're a dedicated music lover or just curious about new sounds, come connect with fellow students and discover the joy of music from every corner of the globe!</p>

E. Philippone		A229	<p><b>First Generation College and Career Prep:</b> Designed for first-generation college-bound students, this course provides essential tools and resources for navigating the path to higher education and future careers. Participants will explore college applications, financial aid options, and scholarship opportunities while gaining insights into selecting the right college and major. The course will also cover career exploration, resume building, interview preparation, and networking strategies. Through workshops, guest speakers, and interactive activities, students will develop the confidence and skills needed to pursue their academic and professional goals.</p>	<p><b>Emergent English Block:</b> This class is designed for high school students who are new to the English language and looking to build foundational skills in reading, writing, speaking, and listening. Through engaging activities, interactive lessons, and culturally relevant materials, students will develop their vocabulary, grammar, and conversational skills in a supportive environment. The course emphasizes practical communication strategies to enhance daily interactions and academic success.</p>	<p><b>Seal of Biliteracy:</b> Join the Seal of Biliteracy Club and take your language skills to the next level! This club is dedicated to supporting students who are pursuing the Seal of Biliteracy, recognizing proficiency in two or more languages. Members will participate in activities that enhance language skills, including conversation practice, cultural exploration, and community engagement. We'll provide resources and guidance for preparing for assessments, as well as opportunities to collaborate on projects that celebrate linguistic diversity.</p>	
M. Walsh	Krenning	A239	<p><b>Library Beautification:</b> In this creative course, students will design and construct origami decorations and a stunning stained glass effect display for the high school library. Participants will explore the art of origami, learning various folding techniques to create beautiful paper models, while also experimenting with color and transparency to mimic stained glass aesthetics.</p>		<p><b>Film Appreciation:</b> Step into the world of cinema with the Film Appreciation Club! This club is a haven for movie lovers who want to explore and discuss the art of film. Each week, we'll watch a curated selection of films spanning various genres, styles, and cultures. After each screening, we'll engage in lively discussions about themes, cinematography, and storytelling techniques. Members will have the chance to share their insights, suggest films, and even delve into the history of cinema. Whether you're a casual viewer or a passionate cinephile, come enjoy films and broaden your appreciation for this captivating art form!</p>

A Teacher	B Teacher	Room #	9th Hour (7:15am-8:46am)	10 Hour (8:46-10:11)	11th Hour (10:17 -12:45)	12th Hour (12:51 - 2:15)
T. Jay	A. Witte	A240	<b>Art Mural:</b> In this vibrant art class, students will collaborate to design and paint a mural that embodies			<b>Anime/Art Club:</b> Dive into the vibrant world of anime and art with our Anime & Art Club! This creative space is perfect for fans of anime and those who enjoy expressing themselves through art. Each meeting, we'll explore different anime series, discuss characters and themes, and participate in drawing and crafting activities inspired by our favorite shows. Whether you're an experienced artist or just starting out, come share your passion, develop your skills, and connect with fellow enthusiasts. Join us to create, collaborate, and celebrate the art of storytelling through anime!
C. Carrol	J. Tieman	A241	<b>Fence Decoration:</b> <a href="https://kami.app/And-CCZ-ZGy-1fT">https://kami.app/And-CCZ-ZGy-1fT</a> Students will collaborate to create a large-scale art installation that embodies unity and promotes school spirit. Participants will explore various artistic techniques and materials to design a visually impactful piece that reflects the diversity and collective identity of the school community.			<b>Meditation and Relaxation:</b> Join the Relaxation and Mindfulness Club to discover techniques for finding peace and balance in your busy life! This club offers a tranquil space where members can practice mindfulness, meditation, and relaxation exercises together. Each session will feature guided practices, breathing techniques, and discussions on stress reduction and mental well-being. Whether you're looking to unwind, develop coping strategies, or simply take a break from daily pressures, this club provides a supportive environment to enhance your self-care journey. Come as you are and take a moment to recharge!
<b>B Hall</b>						
J. Dicker	A Smith	B106	<b>Interactive Bulletin Board:</b> Students will design and create interactive bulletin boards to be displayed in the high school hallway, fostering engagement and communication within the school community. Participants will brainstorm creative themes and activities that encourage interaction, using a variety of materials and techniques to make learning fun and accessible.			<b>History of Wrestling:</b> Step into the ring and explore the fascinating world of professional wrestling in this engaging class! The History of Professional Wrestling course takes students on a journey through the evolution of this unique sport and entertainment phenomenon. From its origins in ancient cultures to the modern-day spectacle of WWE, we'll examine key figures, iconic matches, and significant cultural moments that have shaped the industry. Through discussions, film analysis, and research projects, students will gain a deeper appreciation for wrestling as both a sport and an art form. Join us to uncover the stories behind the characters, rivalries, and the impact of wrestling on popular culture!
J. Robertson	G. Lorimier	B107	<b>Health Education Mural</b> In this dynamic workshop, students will work collaboratively to create a vibrant mural focused on health education, set to be displayed in our high school hallway. Participants will explore key health topics—such as nutrition, mental wellness, and physical activity—while developing their artistic skills. Through brainstorming sessions, design planning, and hands-on painting, you'll bring important health messages to life in a visually engaging way. This course promotes creativity, teamwork, and awareness, inspiring the entire school community to prioritize health and well-being. Join us in making a lasting impact through art!			<b>Recreation Games:</b> Join the Recreation Games Club for a fun-filled time of games and camaraderie! This club is all about bringing students together to enjoy a variety of recreational games, from classic board games and card games to outdoor sports and team challenges. Each meeting will feature different games, allowing members to learn new ones, share their favorites, and foster a sense of community. Whether you're looking to unwind, make new friends, or enjoy some friendly competition, this club offers a welcoming environment for everyone. Come play, relax, and have a great time together!
V. Seals		B109	<b>Student Success Seminar:</b> Empower yourself for life beyond high school in this interactive workshop focused on essential life skills! Designed for students preparing to transition into adulthood, this course covers practical topics such as time management, effective communication, and problem-solving strategies. Through engaging activities, real-world scenarios, and group discussions, you'll build confidence and competence in navigating daily challenges. Join us to develop the skills necessary for a successful and independent future, ensuring you're well-prepared for whatever comes next!

S. Minner		B120				

**Central High School Project Based Learning Course Catalog**

A Teacher	B Teacher	Room #	9th Hour (7:15am-8:46am)	10 Hour (8:46-10:11)	11th Hour (10:17 -12:45)	12th Hour (12:51 - 2:15)
K. Murray	G. Ruffino	B121	<p><b>Teacher Door Quotes:</b> Unleash your creativity in this hands-on course focused on designing motivational quotes for teachers' doors! Students will explore typography, color theory, and graphic design principles to create eye-catching and inspiring quotes that enhance the learning environment. Throughout the course, participants will collaborate with teachers to select meaningful messages, sketch their designs, and use various materials and techniques for final production. This project not only fosters artistic skills but also promotes positivity and motivation within the school community. Join us to make a lasting impact while expressing your artistic flair!</p>		<p><b>AP Seminar:</b> The Advanced Placement Integrated Seminar provides additional support for AP students.</p>	<p><b>Student Council:</b> Join the Student Council and be a voice for your peers! This dynamic group is dedicated to representing the student body, promoting school spirit, and organizing events that enhance our school community. As a member, you'll have the opportunity to lead initiatives, plan activities like dances and fundraisers, and address student concerns. Through collaboration with faculty and administration, you'll help shape the school experience for everyone. Whether you're passionate about leadership, event planning, or making a difference, the Student Council is your chance to contribute and have a positive impact on our school!</p>
A. Yurst Foreman	C. Hutchinson	B122	<p><b>Counselor Office Mural:</b> Join us in this creative course focused on designing and painting a mural for the entrance of the counseling office! Students will collaborate to brainstorm themes and concepts that promote positivity, support, and mental well-being within the school community. Throughout the course, participants will learn mural techniques, color theory, and teamwork skills while bringing their artistic vision to life. This project not only enhances the counseling office environment but also fosters a sense of belonging and encouragement for all students. Come express your creativity and make a lasting impact on your school's atmosphere!</p>	<p><b>Transition Planning:</b> Planning for life after high school. Students research and decide what they want to do after high school and help them figure out how to get there. The purpose is to help teens prepare to be independent young adults.</p>	<p><b>Podcasting:</b> Join the Podcasting Club and unleash your creativity through the power of audio storytelling! In this dynamic club, students will learn the ins and outs of podcast production, from brainstorming and scripting to recording and editing. We'll explore various podcast formats and topics, collaborate on projects, and develop skills in audio technology and storytelling. Whether you're passionate about current events, entertainment, or personal narratives, this is your chance to share your voice and connect with an audience. Come be part of a community that values creativity and communication—let's make some amazing podcasts together!</p>	
P. Schatz	J. Allen	B203	<p><b>Stairwell Decals and Beautification:</b> Join us in a creative workshop aimed at spreading positivity and inspiration throughout our high school! In this course, you'll design and produce motivational decals to be displayed in our stairwells. Using various design tools and techniques, you'll brainstorm uplifting quotes and messages that encourage a positive mindset. This project not only enhances our school environment but also empowers you to make a meaningful impact on your peers. Come be a part of a team dedicated to fostering encouragement and motivation in our everyday spaces!</p>		<p><b>Quilting Club:</b> Join the Quilting Club and discover the art of quilting while creating beautiful, handmade projects! This club welcomes students of all skill levels, from beginners to experienced quilters. Participants will learn fundamental techniques such as fabric selection, cutting, piecing, and stitching, as well as the history and cultural significance of quilting. Throughout the course, members will work on individual and group projects, fostering creativity and collaboration. Whether you're looking to express your artistic side or develop a new hobby, come stitch together and create lasting memories in a supportive and friendly environment!</p>

S. Williams	J. Davis	B204	<p><b>Bathroom Beautification:</b> In this hands-on course, students will learn how to design and produce vinyl decals using a Cricut machine, culminating in the installation of their creations around the high school. Participants will explore design software, vinyl cutting techniques, and installation methods while fostering creativity and practical skills.</p>			<p><b>Finance Club:</b> Join the Finance Club and take control of your financial future! This club is designed for students interested in understanding personal finance, investing, and economic principles. Each meeting will cover topics such as budgeting, saving, stock market basics, and entrepreneurial skills through engaging discussions, guest speakers, and hands-on activities. Members will have the opportunity to participate in simulations and competitions to apply their knowledge in real-world scenarios. Whether you're looking to gain financial literacy or explore a potential career in finance, this club offers a supportive environment to learn and grow. Let's empower ourselves with the knowledge to make smart financial decisions!</p>
O'Dell	S. Brown	B206	<p><b>English Word Wall:</b> Unlock the beauty of language in this collaborative workshop where you'll design and create an engaging word wall for our high school English Language Arts department! Participants will explore vocabulary, literary terms, and creative language techniques while developing artistic skills to bring words to life. Through brainstorming sessions and hands-on crafting, you'll help create a dynamic visual resource that enhances learning and inspires creativity among students. Join us in celebrating the power of words and fostering a love for language in our school community!</p>			<p><b>Fairytales Club:</b> Step into a world of magic and imagination with the Fairytales Club! This enchanting club invites students to explore classic and contemporary fairytales from various cultures. Each meeting will feature discussions about themes, character development, and the cultural significance of these beloved stories. Members will have the opportunity to share their favorite fairytales, participate in creative storytelling activities, and even rewrite or adapt stories in new and exciting ways. Whether you're a fan of traditional tales or modern retellings, come join us for a whimsical journey through the realms of fantasy and creativity!</p>
D. Coe	T. Sunkett	B212	<p><b>Bathroom Beautification:</b> In this hands-on course, students will learn how to design and produce vinyl decals using a Cricut machine, culminating in the installation of their creations around the high school. Participants will explore design software, vinyl cutting techniques, and installation methods while fostering creativity and practical skills.</p>	<p><b>AP Seminar:</b> The Advanced Placement Integrated Seminar provides additional support for AP students.</p>		<p><b>Wellness Club:</b> Join the Wellness Club and embrace a journey of relaxation and self-discovery through yoga! This course combines physical activity with mindfulness practices to promote overall well-being. Each session will feature guided yoga classes suitable for all skill levels, focusing on techniques that enhance flexibility, strength, and mental clarity. Participants will also explore mindfulness exercises, breathing techniques, and stress-relief strategies. Whether you're new to yoga or looking to deepen your practice, this club offers a supportive environment to connect with peers, cultivate inner peace, and prioritize your wellness. Come roll out your mat and discover the transformative power of yoga!</p>
H. Haarmann	A. Spence	B218	<p><b>Classroom Takeover:</b> Transform your learning environment in this hands-on workshop designed for high school students! In the Classroom Makeover &amp; Organization course, you'll collaborate with peers to redesign and organize your classroom space. Through creative brainstorming and practical implementation, you'll explore effective layout strategies, storage solutions, and decorative elements that promote a positive and productive atmosphere. This course encourages teamwork, creativity, and critical thinking, as you develop skills in space management and design. Join us to make your classroom a vibrant and inspiring place to learn!</p>			<p><b>Mindfulness:</b> Join the Mindfulness Club and cultivate a sense of calm and balance in your busy life! This club is dedicated to helping students explore mindfulness practices that promote mental well-being, reduce stress, and enhance focus. Each meeting will include activities such as guided meditation, breathing exercises, and mindfulness techniques that can be easily integrated into daily routines. Members will also engage in discussions about the benefits of mindfulness, share experiences, and support each other in personal growth. Whether you're new to mindfulness or looking to deepen your practice, come connect with fellow students and discover tools to navigate life's challenges with greater awareness and resilience!</p>
M. Bumpers	I. Taylor	B221	<p><b>Stairwell Decals:</b> Join us in a creative workshop aimed at spreading positivity and inspiration throughout our high school! In this course, you'll design and produce motivational decals to be displayed in our stairwells. Using various design tools and techniques, you'll brainstorm uplifting quotes and messages that encourage a positive mindset. This project not only enhances our school environment but also empowers you to make a meaningful impact on your peers. Come be a part of a team dedicated to fostering encouragement and motivation in our everyday spaces!</p>			<p><b>Book Club:</b> Join our high school Book Club, where literature comes to life! Each month, we'll dive into a diverse selection of novels, nonfiction, and poetry that sparks discussion and inspires thought. Participants will share their insights, explore themes, and connect with fellow book lovers in a welcoming environment. Whether you're a lifelong reader or just starting your literary journey, this club offers a chance to enhance your critical thinking skills, discover new genres, and engage in meaningful conversations. Bring your passion for reading and your favorite snacks—let's make reading an adventure together!</p>

M. Edwards	T. Thompson	D110	<b>Community Based Learning</b>			
C. Shelton	T. Warden	D132	<p><b>Positive Message Word Wall:</b> In this inspiring course, students will design and create a motivational word wall to be displayed in the high school hallway, promoting positivity and encouragement among peers. Participants will brainstorm uplifting words and phrases, focusing on themes like resilience, teamwork, and growth, while collaborating on the wall's layout and design.</p>	<p><b>Transition Planning:</b> Planning for life after high school. Students research and decide what they want to do after high school and help them figure out how to get there. The purpose is to help teens prepare to be independent young adults.</p>	<p><b>Mindfulness Club:</b> Join the Mindfulness Club and embark on a journey of self-discovery and relaxation! In this supportive space, we'll explore various mindfulness practices, including meditation, deep breathing, and guided imagery. Each session will feature activities designed to promote mental well-being, reduce stress, and enhance focus. Whether you're new to mindfulness or looking to deepen your practice, this club provides a welcoming environment to connect with others and cultivate a sense of inner peace. Come share your experiences, learn new techniques, and take a break from the hustle and bustle of everyday life!</p>	
P. Millberg	J. Millberg	D210	<p><b>Social Studies Word Wall:</b> Dive into the world of social studies by joining this hands-on course focused on creating an engaging word wall! Students will collaborate to identify key terms, historical figures, and important concepts from various disciplines within social studies, such as history, geography, and civics. Through brainstorming, artistic design, and interactive activities, participants will learn about effective visual communication while enhancing their understanding of social studies topics. This project aims to foster a deeper appreciation for the subject and create a dynamic resource that benefits the entire school community. Let's come together to bring social studies to life in a vibrant and educational way!</p>		<p><b>Book Club:</b> Join our high school Book Club, where literature comes to life! Each month, we'll dive into a diverse selection of novels, nonfiction, and poetry that sparks discussion and inspires thought. Participants will share their insights, explore themes, and connect with fellow book lovers in a welcoming environment. Whether you're a lifelong reader or just starting your literary journey, this club offers a chance to enhance your critical thinking skills, discover new genres, and engage in meaningful conversations. Bring your passion for reading and your favorite snacks—let's make reading an adventure together!</p>	
S. Gartland	T. Salisbury	D216	<p><b>Civil Rights Timeline.</b> In this impactful course, students will collaboratively research and create a comprehensive civil rights timeline to be displayed in the high school hallway. Participants will explore key events, figures, and movements in the civil rights struggle, developing a visual narrative that educates and inspires the school community.</p>		<p><b>Strategy Game Club:</b> Join the Strategy Game Club for a fun and engaging way to sharpen your critical thinking and problem-solving skills! This club is dedicated to exploring a variety of strategy games, from board games like Chess and Settlers of Catan to card games and digital strategy titles. Each meeting, we'll play different games, discuss strategies, and learn from each other's tactics. Whether you're a seasoned strategist or new to the genre, come connect with fellow gamers, enjoy friendly competition, and challenge your mind in a supportive and dynamic environment!</p>	
S Davis	T. Ankenbrand	D221	<p><b>Teacher Door Signage:</b> In this hands-on course, students will learn to design and create vinyl door signs for classrooms throughout the high school, enhancing the visibility and identity of each space. Participants will explore design principles, vinyl cutting techniques, and installation methods to produce professional-quality signs that reflect the character and purpose of each classroom</p>		<p><b>Pep Club:</b> Get ready to show your school spirit with the Pep Club! This energetic club is all about promoting enthusiasm and support for our teams and events. Members will organize and participate in pep rallies, create banners, and plan spirit days to boost morale across the school. Whether you're passionate about athletics, cheerleading, or simply love rallying your peers, this club offers a fun way to connect with fellow students and make a positive impact on school culture. Join us to spread excitement and pride—let's cheer on our teams together!</p>	
C Lang	Clossum	D222	<p><b>Scientific Diagrams:</b> Dive into the world of science as we collaboratively create visually engaging displays of essential scientific formulas to be showcased in our science hallway! In this course, you'll explore key concepts across various scientific disciplines, including chemistry, physics, and biology. Through research, design, and hands-on crafting, you'll transform complex formulas into accessible and visually appealing posters. This project not only reinforces your understanding of scientific principles but also enhances our learning environment, inspiring curiosity and enthusiasm among students. Join us in making science more visible and exciting for everyone!</p>		<p><b>Board Games Club:</b> Join the Board Game Club for a fun and interactive way to unwind and connect with fellow students! This club celebrates all types of board games, from classics like Monopoly and Scrabble to modern favorites like Settlers of Catan and Ticket to Ride. Each meeting, members will gather to play different games, learn new strategies, and share their favorites. Whether you're a seasoned gamer or just looking to try something new, the Board Game Club offers a relaxed and welcoming environment for everyone. Come roll the dice, make new friends, and enjoy the thrill of friendly competition!</p>

D. Camarota	W. Reeves	D225	<p><b>Math and Science Word Wall:</b> In this engaging course, students will collaboratively design and produce a Math and Science word wall to be displayed in the high school hallway, promoting key concepts and vocabulary in these essential subjects. Participants will research important terms and ideas, creatively representing them through visuals and definitions to enhance learning and curiosity among their peers.</p>		<p><b>AP Seminar:</b> The Advanced Placement Integrated Seminar provides additional support for AP students.</p>	<p><b>Deal Me In:</b> Join the Card Game Club for an afternoon of fun, strategy, and friendly competition! This club is a perfect place for card game enthusiasts of all skill levels to gather and enjoy a variety of games, from classics like Poker and Uno to strategic favorites like Magic: The Gathering and Yu-Gi-Oh! Each meeting, we'll play different games, share tips and strategies, and even host tournaments for those looking to test their skills. Whether you're a seasoned player or new to card games, come connect with fellow gamers, make new friends, and enjoy the excitement of card play in a relaxed and welcoming environment!</p>
M. Caul	J. Lane	D229	<p><b>Social Studies Mural:</b> In this collaborative art course, students will design and paint a mural that highlights significant themes and events in social studies, to be displayed prominently in the high school hallway. Participants will explore topics such as history, geography, and cultural diversity, working together to create a visually engaging piece that educates and inspires the school community.</p>			<p><b>Mock Trial:</b> Step into the courtroom with the Mock Trial Club, where students explore the fascinating world of law and legal proceedings! In this club, members will engage in hands-on experiences simulating real court cases, taking on roles such as attorneys, witnesses, and jurors. Through research, critical thinking, and public speaking practice, students will develop skills in debate, argumentation, and teamwork. Whether you're interested in law, drama, or simply love a good challenge, this club provides a supportive environment to enhance your knowledge and confidence. Join us to learn about the judicial system and sharpen your advocacy skills in an exciting and interactive way!</p>
N. Metropoulos	B. Hindrichs	D228	<p><b>Bathroom Beautification:</b> In this hands-on course, students will learn how to design and produce vinyl decals using a Cricut machine, culminating in the installation of their creations around the high school. Participants will explore design software, vinyl cutting techniques, and installation methods while fostering creativity and practical skills.</p>			<p><b>Esports/Gaming Club:</b> Welcome to the Esports Club, where gaming meets community! Join fellow enthusiasts as we explore competitive gaming in a fun and supportive environment. Whether you're a casual player or a serious competitor, this club offers opportunities to play popular games, participate in tournaments, and improve your skills. We'll also discuss strategies, team dynamics, and the growing world of esports. Connect with friends, make new ones, and be part of the exciting world of gaming. Let's level up together!</p>
<b>E Hall</b>						
K. Rosa	N. Rhoads	E101	<p><b>Motivational Mural:</b> "We Are Central" with a hawk underneath surrounded by positive descriptor words. We would survey CHS students (Google Form) for the words by asking, "What traits, roles, or positive words would you use to describe yourself?". We want students to think about their positive traits along with the roles they hold, as this is a vital part of applying for jobs and marketing oneself once out of high school.</p>			<p><b>Macrame Maniacs:</b> Join the Macramé Club and discover the art of knotting! In this hands-on club, students will learn to create beautiful and functional macramé projects, from wall hangings to plant hangers and accessories. Each session will cover various techniques, patterns, and materials, allowing members to express their creativity and develop new skills. Whether you're a complete beginner or looking to refine your macramé abilities, this club offers a supportive space to collaborate, share ideas, and create unique pieces. Come knot your way to relaxation and artistry with fellow craft enthusiasts!</p>

L. Cage	A. Miller Arnold	E201	<p><b>Periodic Table:</b> an engaging hands-on workshop where you'll collaborate to design and create a large-scale periodic table for our school hallway! Using vinyl and a Cricut machine, you'll learn essential design techniques, explore color theory, and develop practical skills in cutting and applying vinyl. This project not only enhances our learning environment but also deepens your understanding of chemistry concepts. Perfect for creativity enthusiasts and science lovers alike, this course encourages teamwork, innovation, and artistic expression. Let's make science visually striking together!</p>		<p><b>Environmental Club:</b> Join the Environmental Club and become a champion for our planet! This club is dedicated to raising awareness about environmental issues and promoting sustainability within our school and community. Members will engage in hands-on activities such as recycling drives, tree planting, and clean-up events, while also exploring topics like climate change, conservation, and renewable energy. Together, we'll work on projects that make a positive impact, collaborate with local organizations, and advocate for eco-friendly practices. Whether you're passionate about nature or looking to learn more about environmental stewardship, come be a part of a community committed to protecting our Earth for future generations!</p>	
B. Callaway	D. Hill	E207	<p><b>Transition Word Wall:</b> In this meaningful course, students will collaboratively design and produce a word wall focused on the transition from high school to post-high school opportunities, such as college, vocational training, and the workforce. Participants will explore key terms, concepts, and resources that support this critical phase, creating an informative and motivational display for their peers.</p>	<p><b>Transition Planning:</b> Planning for life after high school. Students research and decide what they want to do after high school and help them figure out how to get there. The purpose is to help teens prepare to be independent young adults.</p>	<p><b>Explore St Louis:</b> Discover the hidden gems and vibrant culture of our city with the Explore St. Louis Club! This club is designed for adventurous high school students who want to engage with their community and experience all that St. Louis has to offer. Each month, we'll plan outings to local attractions, such as museums, parks, historical sites, and festivals, fostering a deeper appreciation for our city's rich history and diverse culture. Members will have the opportunity to collaborate on organizing events, share their favorite spots, and learn about the significance of various locations. Join us for fun adventures, make new friends, and explore the beauty of St. Louis together!</p>	
<b>F Hall</b>						
A. Rendel	A. Rinesmith	F105	<p><b>Classroom Takeover:</b> Transform your learning environment in this hands-on workshop designed for high school students! In the Classroom Makeover &amp; Organization course, you'll collaborate with peers to redesign and organize your classroom space. Through creative brainstorming and practical implementation, you'll explore effective layout strategies, storage solutions, and decorative elements that promote a positive and productive atmosphere. This course encourages teamwork, creativity, and critical thinking, as you develop skills in space management and design. Join us to make your classroom a vibrant and inspiring place to learn!</p>		<p><b>Drama Club:</b> Step into the spotlight with the Drama Club, where creativity and expression come to life! This club welcomes all students, whether you're interested in acting, directing, or stage management. Together, we'll explore various aspects of theater, including improvisation, scene work, and script analysis. Members will have the opportunity to participate in performances, collaborate on original productions, and develop their acting skills in a supportive environment. Join us to build confidence, make lasting friendships, and unleash your inner performer in a fun and dynamic setting!</p>	
C. Witbeck	P. Massenberg	F112	<p><b>Interactive Bulletin Board:</b> In this dynamic course, students will design and create interactive bulletin boards to be displayed in the high school hallway, fostering engagement and communication within the school community. Participants will brainstorm creative themes and activities that encourage interaction, using a variety of materials and techniques to make learning fun and accessible.</p>		<p><b>How to Knit and Crochet:</b> Join the Knitting and Crochet Club, a welcoming space for yarn enthusiasts of all skill levels! Whether you're a beginner looking to learn the basics or an experienced crafter ready to share your expertise, this club is for you. We'll gather to share techniques, work on individual and group projects, and explore various patterns and styles. Enjoy the relaxing and creative atmosphere as you craft beautiful items while connecting with fellow crafters. Bring your yarn, needles, and a passion for creativity—let's stitch together some great memories!</p>
