

Candy Cart Fundraisers, School Stores Open during School Hours, Child Nutrition Services Snack Lane

Foods of minimal nutritional value are **not** to be sold on Hazelwood School District's campuses while school is in session. These items are defined by the United States Department of Agriculture. They are:

- *Soda
- Water ices - *Unless product contains fruit or fruit juices*
- Chewing gum - *Flavored products from natural or synthetic gums which form an insoluble mass for chewing.*
- Certain candies
- Hard candy - *sour balls, fruit balls, candy sticks, lollipops, star light mints, after-dinner mints, sugar wafers, rock candy, cinnamon candies, breath mints and jaw breakers.*
- Jellies and gums - *gum drops, jelly beans, jellies and fruit-flavored slices.*
- Marshmallow candies
- Fondant - *candy corn or soft mints*
- Licorice
- Spun candy
- Candy-coated popcorn
- Candy bars

***Soda will not be allowed in personal student lunches from home.**

Missouri Eat Smart Advanced Guidelines

A Guide to Promoting a Healthy School Environment

Acceptable Foods for Candy Cart, Vending, School Stores and Snack Lines

Fifty percent of foods sold for fundraisers from candy carts, school stores and snack lines must meet the Eat Smart Advanced Guidelines. (This also includes vending machines)

Fat - Not more than 35 percent of weight may come from fat except for nuts, seeds and nut butters

Sugar - Not more than 35 percent of weight may come from sugar except for fruit with added sugar.

Calories - Not more than 200 calories per selling unit

- Fruit by the Foot - *Ingredient statement will specify grapes, orange juice or pears from concentrate*
- Fruit Roll-Ups - *Ingredient statement will specify grapes or orange juice or pears from concentrate*
- Fruit Gushers - *Ingredient statement will specify grapes or orange juice or pears from concentrate*
- Fruit Snacks - *Ingredient statement will specify grapes, or orange juice or pears from concentrate*

Classroom Parties, "A Healthy Celebration"

Create a healthy celebration for students by focusing the party on activities and games instead of food. Make the food count at your party by providing healthy choices.

- Plan special party games and activities.
- Create a healthy party idea book. Ask school staff and parents to send in healthy recipes and ideas for activities, games and crafts. Compile these ideas into a book that staff and parents can use.
- Instead of a party, organize a special community service project. Involve parents in planning the project.
- For birthdays, let the birthday child choose and lead an active game for everyone.
- Create a "Celebrate Me" book. Have classmates write or draw a picture to describe what is special about the birthday child.
- Make the birthday child the teacher's assistant for the day and let him or her do special tasks like make deliveries to the office, lead the line, start an activity and choose a game or story.
- Make a healthy snack with the students.
- Introduce students to fruits they may have never tried before such as star fruit, kiwi, mangos and papaya.

Healthy food ideas for classroom parties**:

- Thin crust pizza with low-fat toppings (ham, Canadian bacon or just cheese)
- Fruit or grain muffins
- Bagel slices with jam
- Hot pretzels
- Popcorn (no butter added)
- Sandwiches or wraps with turkey or ham
- Yogurt parfaits
- Yogurt topped with granola
- Yogurt whips
- Go-gurt
- Ice cream cups (Example: Blue Bunny's @100-calorie cup)
- Fruit by the Foot - *Ingredient statement will specify grapes, orange juice or pears from concentrate*
- Fruit Roll-Ups - *Ingredient statement will specify grapes, orange juice or pears from concentrate*
- Fruit Gushers - *Ingredient statement will specify grapes, orange juice or pears from concentrate*
- Fruit Snacks - *Ingredient statement will specify grapes, orange juice or pears from concentrate*
- Fresh fruit and cheese kabobs
- Cheese cubes or string cheese
- Angel food cake, plain or topped with fruits
- Fruit pizza
- 100 percent juice products

**Remember, in accordance with sanitation standards, all food brought to school from home for classroom parties must be store-bought

Food not allowed: most cookies, cakes, candies and cupcakes.

Classroom Rewards

The Missouri Eat Smart Advanced Guidelines do not allow food to be given as a reward.

Alternative ideas for classroom rewards

Elementary

- Stickers, pencils or bookmarks
- Certificates
- Show-and-tell
- Bank system - earn play money for privileges
- Extra computer time
- Make deliveries to the office
- Be the classroom helper
- Sit by friends
- Play a favorite game
- Fun physical activity break
- Dance or listen to music in the classroom
- Have extra art time
- Watch a fun video
- Eat lunch or have class outside

Secondary

- Sit with friends
- Reduced homework or no homework pass
- Extra credit
- Fun brainteaser activities
- Computer time
- Watch a fun video
- Five-minute chat break
- Listen to music while working at desk

Using food as rewards teaches children to eat when they are not hungry. This can lead to problems for children such as obesity, diabetes and hypertension. Using food as a reward can also undermine classroom nutrition lessons. Students are taught about a healthy lifestyle and choosing healthy foods in proper portion sizes.

Missouri Eat Smart Advanced Guidelines

A Guide to Promoting a Healthy School Environment

Parent Group Fundraisers

The District strongly encourages parent groups to adhere to the Eat Smart Advanced Guidelines for fundraising events for our schools. Please see requirements below regarding catalog sales.

Updated - July 2014

- If the fundraiser is a 100-percent food item catalog, 25 percent of the items should meet the Missouri Eat Smart Advanced Guidelines.
- If it is a mixed product catalog, no more than 25 percent of the items can be food (It is not mandatory that this 25 percent meet the Advanced Guidelines but we encourage you to find a healthy mix).
