Student Summary (Home)

NOTE: The District or school can configure announcements to display on the initial login EACH day. Announcements do not display at subsequent logins the same day but are available from the menu.

Tyler SIS Student 360 is designed to be touch-friendly for tablets and computers with touch screens, but it also works well with keyboard-and-mouse input. Throughout this document, wherever the word click is used, tablet and touch-enabled computer users can tap instead.

After logging in, the home screen appears with a menu to the left and cards arranged depending on the size of your screen. Some items may be taller (e.g., Schedule and Current Grades), and other cards may optionally be set to show details or a summary. Some cards, such as course requests, may only show at certain times of year and only for certain students by grade level.

NOTE: Depending on which options your district has enabled, some of these menu options may not be available.
Action Alert messages may display in yellow rows for actions that are available for a limited time (e.g., Online Registration or Course Requests) or for recently added records (Behavior Referrals or Health Visits as shown below).

**NOTE:** Go To… buttons appear on some cards to allow quick navigation to data.
Student screens display with the student’s picture and name in the upper-left of the window. If student Alerts are activated by your district, student alert icons may appear next to the student picture; click the icon to access the data. Use the controls at the top of the Student screens to:

- **Select Students** – If you have multiple students in your household, choose a student to access by clicking/tapping arrows or selecting from the dropdown list. Students are listed youngest to oldest, and by default, the youngest student is displayed.

- **Switch Academic Year** – Switch between academic years to view student information. If a student does not have data in a year or if the current screen is disabled by the district, an academic year may be disabled on this selector.

**Navigation Bar**

The blue navigation bar at the top of the Student 360 screen provides icons for navigation.

- **Menu** – Displays the menu when it is not otherwise visible. Choose an area to access. This menu matches the one on the home screen.

- **Home** – Returns to the Student Summary screen from any other area.

- **Links** – Navigate to external links set up by the district. These open in a new browser tab, and the tab displaying Student 360 remains open.

- **Print** – Send the data from the middle section of this page, below the blue navigation bar and right of the menu (if present), to a PDF so it can be printed.

- **Help** – Access support documentation for Tyler SIS Student 360.

- **Initials/User Preferences** – Shows initials of person logged in and provides access user-specific functions such as Language, Change Password, Set Notification Preferences, or log out of Student 360.

**Settings**

---

**NOTE**: Data items turned Off on the Home screen remain on the Menu list and may be accessed from there.
Cards can be arranged as you prefer – click **Settings** (top, right):

- On a PC, click/drag the parallel line of dots on left end of the card, moving it to its new location.
- On a touch-enabled device, touch/slide the parallel line of dots on the left end of the card.

Once arranged, the order they are displayed in is always the same, but if you view Student 360 from multiple devices, each device may have a different arrangement depending on screen size.

Note that Settings can also be used to turn off cards and switch the active cards between a Summary or Detailed version.

In the example shown, Attendance, Assignments, Meal Service Balance, and Fees & Billing are all showing numbers. They indicate that the student has absences, assignments due/missing, the balance in their meals account, and the balance for Fees & Billing.

### Viewing Student Data

If the summary version of a card is being displayed, clicking/tapping the card opens a window providing more details on that information with a button to that area’s full detail screen. The information in the window is what would have been shown in the card if the detailed version was being displayed.

If the detailed version of a card is being displayed, clicking **GO TO**… in the top right corner opens the full detail screen.

Some cards may have additional buttons. In the example above, Online Payment is activated in the district providing a **Pay** button that allows direct access to the Online Payment area from which money may be deposited to pay existing bills.

Clicking/tapping a menu selection displays the full detail screen. Data displays in a grid, with column headings that include a **Filter** icon. The small arrow next to the icon indicates which column is currently being used to sort data by ascending/descending order; click or tap the column heading to reverse the order or select/tap another column by which to sort.
Click the filter icon at the top of a column to restrict the data by the chosen criteria. The filter icon on that column changes color to indicate where the filters has been applied. A notice appears in the bottom bar that **Data is being filtered**. Click that option or click the filter icon at the top of the column and click the red X to remove the individual filter.

On screens that have expandable rows, **Expand All** and **Collapse All** are available in the bottom bar and can be selected to expand or collapse all rows in the grid. Additional actions may be available in the bottom bar, depending what page is being viewed. For example, Academic History shown above has the option to limit to the rows using **Show HS Transcript Only**.

If additional data is available for a individual row on the grid, a down/up arrow icon is displayed on the left in the **More** column. Click/tap it to expand that line and the icon changes to an up-arrow. Select again to collapse the row.

**Filtering All Data**

If a filter has been applied to the entire view (as opposed to an individual column), the filter icon in the bottom tool bar changes color. Click the filter icon to view the details or click **Clear All Filters** to remove.
Current Academics

Assessments

The Assessments screen shows all student scores for any standardized tests or district-wide assessments that the student has taken. The Best Of tab shows the student’s best scores for each assessment. The individual assessment tabs (in the screenshot below, ACT, ASVAB, etc.) show all student scores for that single assessment. The Sort Active icon indicates how records are sorted (below, by Test). Click the down/up arrow icon on each row to show more details about the individual assessment. In the bottom tool bar Expand All/Collapse All expands/collapses all rows in the grid.
Assignments

View the student’s assignments By Course or Upcoming/Missing for all classes. All columns on this screen are sortable; click a column heading and the grid sorts the records by that item. In the example, the Due column has an arrow signifying that this is how the list is currently sorted; click that item to do a secondary sort that arranges by most recent assignment first or last.

Both the Upcoming/Missing and By Course views can display Standards-based assignments.

By Upcoming/Missing Tab

On the Upcoming/Missing tab, assignments for the past 30 days and upcoming assignments for the next 30 days are displayed for all courses.

**NOTE:** A Filter can be used to select a wider or narrower date range than the 30 day back/forward that shows by default or other criteria (see Filter setup next page).

The following displays for each assignment:

**NOTE:** The columns that deal with student scores on the By Course tab are not shown on the Upcoming/Missing tab because the student does not have a score for these pending assignments yet.
Points Possible – The number of points the assignment is worth.

The assignments view above indicates that the data is filtered. Click Clear All Filters to display all assignments or click the Filter icon to see how the assignments have been filtered.

By Course Tab

On the By Course tab, choose a Course and Term. Details about all of the assignments for that course and term are displayed. Above the assignment list, the Teacher, Grade Level, School, Course-Section, and email link to the teacher (if available) are displayed. - **Grade** – The letter grade associated with the effective score’s percentage (based on the school’s grading scale, or the specific course’s grading scale, if applicable).

**Grades**

All grades for the year for the student are displayed. This screen combines gradebook marks and posted end-of-term grades to give a complete overview of the student’s grading.

The Secondary view shows a row for each course that has a grade and a column for each term. Progress grading periods can be turned on and off by using the **Show Progress Grades** checkbox at the bottom of the screen. Students who are enrolled in multiple schools, such as both a high school and a career education center, have one grid for each school and show the grades from each school separately. Underlined marks are links to the Assignments tile; click to display those details on that tile. Those marks in green boxes are calculated from teachers’ gradebooks but not finalized for report cards. Click the **arrow** icon (plus) for period/course details.
The Elementary view shows all the curriculum standards for a course; click the + icon in the More column to display the student's mark on each one. In the grid, underlined standard marks are links that open a pop-up explaining the grading scale and showing any comment the teacher entered. Click the Show Progress Grades checkbox in the Tool Bar to show and hide columns for progress marks.

Click Legend to display an explanation of standards marks.

Once your registration has been processed by the school/district, the Submitted text changes to Accepted. If for some reason your Online Registration forms require revision, the school contacts you.
and the Online Registration Alert in a yellow bar returns to the Home page. Simply revise and re-submit your Online Registration.
